Team members will get to experience actual OotM problems the way they are presented at competitions. All three styles (Verbal, Verbal/Hands-On, & Hands On) are presented. OotM judges/officials will be on hand to answer questions, and give advice. Team members have the advantage of practicing actual problems without the pressure of a competition.

Coaches & parents will get to experience all the things along with the team members. Also, they will be able to query the OotM representatives. Each team/coach will leave with a collection of problems used at OotM competitions within the last few years.

Pick Preference: Session 1 Session 2

- First come...first served, so once sessions are full, no more registrations will be taken.
- If session you prefer is full, we will contact you and let you know and give you the option for the other session.
